

MEDICAL DIRECTOR TRANSPLANT HEPATOLOGY

The INTEGRIS Nazih Zuhdi Transplant Institute is **Oklahoma's largest and most comprehensive multi-organ transplant center**. INTEGRIS has an outstanding opportunity for a fellowship trained hepatologist to assume the position of **Medical Director Transplant Hepatology**. The medical director will be a member of the liver transplant division and actively involved in the care of patients and program growth and development.

TRANSPLANT HEPATOLOGIST

We are seeking a fellowship trained hepatologist to join our **established liver transplant division**. The candidate will be actively involved in the care of patients with liver disease, liver tumors, and pre- and post transplant care.

We are an equal opportunity employer, currently accepting J1's and offer a competitive compensation package.

The INTEGRIS Nazih Zuhdi Transplant Institute is housed at the INTEGRIS Baptist Medical Center in Oklahoma City where it is one of the **nine centers of excellence**. The institute is a leader in multi-organ transplants including kidney, liver, lung, heart transplants, and mechanical circulatory support.
