## INTEGRIS is a member of the Mayo Clinic Care Network

A unique collaboration with Mayo Clinic allows INTEGRIS physicians to work directly with Mayo physicians on complex diagnosis and treatment plans. Communication between doctors and information sharing is made possible through a variety of electronic tools and services including AskMayoExpert, eConsults and eTumor Board Conferences.

This combined expertise, from two trusted organizations, gives Oklahoma patients the care they need close to home, without additional cost or unnecessary travel. It gives our physicians a new resource to complement the innovative and leading care patients have grown to expect from INTEGRIS.
