We strive to bring you the very best care at INTEGRIS. In this ever-changing world we continue to explore ways to reach our patients. Whether we see you at our hospitals or online, rest assured the care we provide is the best possible.

More than 800 primary care physicians and specialists are available to see you. Call the **INTEGRIS HealthLine** at 405-951-2277 for additional physician information.

After hours or when you are in a pinch, try **INTEGRIS Virtual Visit**. For a flat fee of \$45 per visit you can consult with a medical professional on common conditions like colds and flu, rashes, bladder infections and more. In 30 minutes or less you'll be speaking with a board-certified medical professional. Visit IntegrisVirtualVisit.com or call toll free 844-636-7877 for more information. Download free app from itunes.

When you need to be seen in person by a physician and it's after hours or you can't be seen immediately, **Access Medical Centers** are a great solution for urgent non-emergencies. Nine locations are available daily from 8 a.m. to 8 p.m. Visit integrisOk.com/accessmedical for specific locations.

Four new **INTEGRIS Community Hospitals** are opening in 2019. Each location will include an emergency room, inpatient care and on-site labs and imaging. For true emergencies go to the nearest emergency room. Additional services are also provided and vary by location. Visit integriscommunityhospital.com for additional information.

We continue to provide emergency care at each of our anchor facilities. **All INTEGRIS emergency rooms in the metro area are full service emergency rooms connected to a hospital.** If you are seen for a true emergency that may require surgery or hospitalization, we have the latest services and technology onsite.

INTEGRIS is a member of the Mayo Clinic Care Network

A unique collaboration with Mayo Clinic allows INTEGRIS physicians to work directly with Mayo physicians on complex diagnosis and treatment plans. Communication between doctors and information sharing is made possible through a variety of electronic tools and services including AskMayoExpert, eConsults and eTumor Board Conferences.

This combined expertise, from two trusted organizations, gives Oklahoma patients the care they need close to home, without additional cost or unnecessary travel. It gives our physicians a new resource to complement the innovative and leading care patients have grown to expect from INTEGRIS.
